

### **December 09, 2025: On the Reason Donald Trump is Doing This**

Donald Trump is in fear of being seen for what he truly is - a traitor to America and all of the values that he pretends to represent. Donald Trump is a weak buffoon.

Donald Trump is committing treason and the United States military is 'in bed' with him.

Is it Russia? Is it Israel? Is it China? Which other countries now own 'America'?

You'll have to ask the traitor-in-chief. But, it certainly is not the American People.

FUCK YOU, DONALD TRUMP. SHOW YOUR TRUE FACE TO THE WORLD. . . I DARE YOU!

Stare at yourself, you primping goat fucker.

Donald, you're a poser. You're a fake. You're a loser. Enjoy your fake praise now, because your eternity is in hell.

(Over and over and over and over)(A car drives past my house each and every sentence that I write.)

I am telling you all - they are lost souls attempting to 'match' each and every truth that is spoken against them.

**Nobody - and I mean nobody - that I have ever witnessed or heard about in my lifetime has ever been more self-conscious than this criminal operation.**

They're giant self-conscious toddlers pushing puppets around. They are a playing a game.

We don't want you in our life, Donald. It's time for you to leave our home.

You are a weird little loser.
